Permit Renewal

Re: Application No. 05-0075 in reference to the location below:

Approximately 20 feet north of Petti Drive, across from Utility Pole 6, approximately 100 feet northwest of the intersection of Petti Drive and River Avenue, Assessor's Plat 36, Lots 158 and 162, West Warwick, RI

Dear Ms. Pinga:

Kindly be advised that the Department of Environmental Management's ("DEM") Freshwater Wetlands Program ("Program") has completed its review of your **Application for Renewal** received on August 13, 2009.

It is our understanding that you are requesting renewal of the permit issued for Application No. 05-0075. The original permit was issued on August 25, 2005 to you for alterations to freshwater wetlands at the above-referenced location.

This Program has inspected the project site as part of its review of the application and has found that the project has not yet commenced. In all other respects, at this time, it is in conformance with those conditions set forth in the original permit as well as the Rules and Regulations Governing the Administration and Enforcement of the Freshwater Wetlands Act (Rules). It is our determination, therefore, that the permit may be renewed. This renewal is valid until **August 25, 2011** and expires on that date. No further renewals are available for this project after that date.

It is your responsibility to maintain compliance with the conditions of the original permit (copy enclosed) and to carry out this project in compliance with the Rules at all times. This renewal does not relieve you of any obligations to obtain any local, state, or federal approvals or permits as required by ordinance or law. Any further modifications to the project not illustrated on the approved site plans would require approval of, at least, an Application for Permit Modification prior to the expiration of the permit.

Please contact me directly (telephone: 401-222-6820, ext. 7402) should you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Charles A. Horbert". The signature is written in black ink and includes a long, sweeping horizontal line extending to the right.

Charles A. Horbert, Program Supervisor
Office of Water Resources
Freshwater Wetlands Program
