Dear Mr. Newell:

Please be advised that the Department of Environmental Management's ("DEM") Freshwater Wetlands Program ("Program") has completed its review of your Application for Permit Transfer at this time. Please be advised that a Permit cannot be issued in your name for this project. More specifically, this Program did not issue a Permit for the project on this property; rather, a determination was made through an Application for Regulatory Applicability that the Freshwater Wetlands Rules were not applicable to the project *as proposed*. Accordingly, there is no Permit on record to transfer.

Please call me at (401) 222-6820, extension 7402 if you have any questions about this letter.

Sincerely,

Charles A. Horbert, Permitting Supervisor
Freshwater Wetlands Program
