RE: Application No. 09-0113 in reference to the property located:

Approximately 100 feet west of Ocean Road, approximately 200 feet northwest of the intersection of Ocean Road and Congdon Street, Assessor's Plat D, Lots 205-3 and 205-18A, Narragansett, RI.

Dear Mr. Trenteseaux:

Kindly be advised that the Department of Environmental Management's ("DEM") Freshwater Wetlands Program ("Program") has completed its review of your **Request to verify the delineated edge of freshwater wetlands**. This review included an inspection of the above referenced property ("subject property") as described by the site plans submitted with your application and received on May 12, 2009.

Based upon the Program's observations and review, it is our determination that freshwater wetlands are present on or are in close proximity to the subject property. These freshwater wetlands are regulated by this Department and include at least the following types:

shrub wetland

The DEM has completed an inspection and review of the wetland edges delineated by you on-site. It is our determination that:

The wetland edges delineated on-site are accurate. These wetland edges have been shown on the site plan submitted with your application and are referenced as A-2 through A-5. Please note that wetland flag A-1 is located off-site and not verified under this application.

This letter does not constitute an approval or permit for any proposed project on the subject property. Pursuant to Section 2-1-21(a) of the Freshwater Wetlands Act and the Rules and Regulations Governing the Administration and Enforcement of the Freshwater Wetlands Act (Rules) a permit is required from this Program prior to the commencement of any activity which impacts or alters freshwater wetlands

This Program assumes that the edges of freshwater wetlands, as flagged or marked on site, have been accurately surveyed and portrayed on site plans submitted in support of your application. This Program makes no guarantee or representation that such survey is accurate.

Application No. 09-0113

In addition, you should note that freshwater wetlands are present on this property that may be regulated under Section 404 of the Clean Water Act (Federal Water Pollution Control Act, as amended 33 U.S.C. 1344). Accordingly, a permit may be required from the U.S. Army Corps of Engineers for alteration of these wetland areas.

In accordance with Rule 8.03(H) of the Rules, this verification of the delineated edge of freshwater wetlands is valid for a limited period of four (4) years from the date of issue.

Please contact me at telephone: (401-222-6820, Ext. 7412) should you have any questions regarding this letter.

Sincerely,

W. Joseph Casey, Senior Environmental Scientist
Office of Water Resources
Freshwater Wetlands Program
