Re: Application No. 18-0187 in reference to the location below:

Immediately northeast of the intersection of Ferreira Avenue and Pleasant View Avenue,
Assessors Plat 48, Lot 35, Portsmouth, RI

Dear Ms. McBride:

Kindly be advised that the Department of Environmental Management's ("DEM") Freshwater Wetlands Program ("Program") has completed its review of your **Request to verify the delineated edge of freshwater wetlands**. This review included an inspection of the above referenced property ("subject property") as described by the site plans submitted with your application and received on July 21, 2018.

Based upon our review, it is the determination of this Program that there are no freshwater wetlands regulated by the DEM on or immediately adjacent to the subject property.

For further information regarding what activities require a permit or to determine how to apply for a permit, you should consult the Rules and Regulations Governing the Administration and Enforcement of the Freshwater Wetlands Act.

Pursuant to Rule 8.02(C) of the Rules and Regulations Governing the Administration and Enforcement of the Freshwater Wetlands Act, this determination is valid for a period of four (4) years. Please note that this determination does not remove your obligation to obtain any local, state, or federal approval or permit as required by ordinance or law. Should you have any questions regarding this determination, please contact Claire Swift of this Office (telephone: 401-222-6820 x 7418).

Sincerely,

Martin D. Wencek, Permitting Supervisor
Office of Water Resources
Freshwater Wetlands Program
