Re: Application No. 19-0092 in reference to the location below:

Approximately 75 feet east of Snake Hill Road (at 340 Snake Hill Road), Utility Pole 24-11, approximately 2,500 feet south of its intersection with Stockwell Road, Assessor's Plat 164, Lot 21, Burrillville, RI.

Dear Mr. Gramstorff:

Please be advised that the DEM's Freshwater Wetlands Program is unable to complete our review of your Application at the above-referenced site at this time. The enclosed review comments indicate what must be revised and/or provided so that we may continue to process your application. Please provide this information as soon as possible. If we do not receive this information within (1) one year of the date of this letter your application will be considered closed pursuant to the Rules and Regulations Governing the Administration and Enforcement of the Freshwater Wetlands Act, 250-RICR-150-15-1. If the application you filed is a Request to Verify Wetland Edges, you must provide this information within two (2) years of the date of this letter.

Please reference the application number provided above in all communications regarding your application. If you have any questions, please contact Rene Legault at (401) 222-4700, ext. 7732.

Sincerely,

Nancy L. Freeman

Nancy L. Freeman, Acting Principal Environmental Scientist
Office of Water Resources
Freshwater Wetlands Program

FRESHWATER WETLANDS PROGRAM**

APPLICATION NUMBER: 19-0092
APPLICANT: Lee Gramstorff

BIOLOGIST: Rene Legault
ENGINEER: N/A

Technical Review Comments of Documents Received by RI DEM on July 22, 2019.

BIOLOGICAL REVIEW COMMENTS:

1. Please provide revised site plans that more clearly depict the subject wetland area to be verified which conform with Rule 250-RICR-150-15-1.7(A)(3)(c), depicted at a scale of no smaller than one inch = one hundred feet (1" = 100"). Additionally, ensure that the scale provided on the site plans is accurate to the scale of the provided plans.

ENGINEERING REVIEW COMMENTS:

1. N/A

CONCLUDING COMMENTS:

1. Please submit two (2) copies of revised site plans to the Department.
2. In order to facilitate the review of future revisions to your project, please address each of the above items in writing.
3. If you have any questions regarding this letter or the processing of your application, or with respect to any of the above-noted biological review comments, please contact Rene Legault at 401-222-4700, ext. 7732.

Kindly be advised that processing of your application may not continue until you resolve the items noted above. Thank you for your anticipated cooperation in this matter.
