Re: Application No. 19-0256 in reference to the location below:

At 2100 Hartford Avenue, Assessor's Plat 54, Lot 36, approximately 330 feet east of the I-295 south on-ramp, Johnston, RI.

Dear Ms. Doherty:

Attached is the determination concerning your Request for Regulatory Applicability under the Rules and Regulations Governing the Administration and Enforcement of the Freshwater Wetlands Act, 250-RICR-150-15-1. Also enclosed is one set of site plans and a written description, stamped received by the Office of Water Resources on August 28, 2109 describing the project that was reviewed.

If the determination is that a permit under the subject regulations is not required, please note that other federal, state, or local permits may be required prior to proceeding with your project. Also note that for projects or activities determined to not need a permit, certain general restrictions and best management practices still apply, including placement and maintenance of erosion and sediment controls, in accordance with the Rules in order to ensure protection of wetland resources.

If you have any questions concerning the determination, please feel free to contact me at (401) 222-6820, ext. 7408.

Sincerely,

Nancy L. Freeman

REQUEST FOR REGULATORY APPLICABILITY FORM

Please type or print

PART A Purpose of Application:

Use this application form only if you desire confirmation that your proposed project does not require a permit under the Rules and Regulations Governing the Administration and Enforcement of the Freshwater Wetlands Act, 250-RICR-150-15-1 [see 250-RICR-150-15-1.5(B), 250-RICR-150-15-1.7(A)(1), 250-RICR-150-15-1.7(A)(2) and 250-RICR-150-15-1.8(D) for a description of application types, submittal requirements and application outcomes]. Please be informed that many projects or activities occurring outside of wetlands may directly or indirectly alter the character of wetlands. Applicants proposing development in undisturbed areas in or near wetlands should use the General Application Form - Request for Preliminary Determination to obtain a suitable determination in cases where applicability of the Freshwater Wetlands Rules (250-RICR-150-15-1) is likely.

Rhode Island Department of Environmental Management Determination

To Applicant:

In accordance with 250-RICR-150-15-1.8(D), DEM issues the following determination concerning your proposed project based on reliance on the above information and accompanying attachments to your application. Be advised that any change in your project, or the existence of property characteristics that differ from descriptions that were provided to the DEM, may invalidate this determination:

- Permit not required – you may proceed with your project.
 - Freshwater Wetland Rules are not applicable to the project as proposed.
 - Project is exempt as proposed and described.
- Further application required - you may **NOT** proceed with your project.
 - Alteration of freshwater wetland is proposed.
 - Unable to make an applicability determination based on information provided.

Staff Comment: The project proposed is within existing disturbed areas and not anticipated to alter the character of the wetland over existing conditions

DEM authorized staff Nancy L. Freeman Date: 9/13/19
