Providence, RI 02903

Re: Wetlands Application No. 19-0304 in reference to the location below:

Northwest of the Manton Avenue Bridge in Johnston along the Woonasquatucket River at proposed "Site 2a" near U.P. No. 9774 on the bike path in Johnston, RI.

Dear Mr. Moore:

Please be advised that the DEM's Freshwater Wetlands Program is unable to commence our review of your Request for Preliminary Determination Application at the above-referenced site at this time. Please provide the following:

1. Please provide four copies of the revised site plan set with details and drawings of the proposed work at the Location of site 2a only. Please omit all details and drawings for other sites currently shown on the site plan set submitted that are not proposed for work under this application review. The 4<sup>th</sup> copy requested is for the Army Corp of Engineers.
2. Please provide a Stormwater Construction Application Form and check off fill in flood plain and provide any supporting documentation/analysis.

Upon receipt of the information requested above, the Program will commence review of your Request for Preliminary Determination. Please reference the application number provided above in all communications regarding your application. If you have any questions, please call me at (401) 222-6820, ext. 7408. For engineering requirements, please contact the RIDEM Stormwater Program.

Sincerely,

*Nancy L. Freeman*

Nancy L. Freeman, Acting Principal Environmental Scientist  
Office of Water Resources  
Freshwater Wetlands Program
