

HAWKINS POND

- Notes**
- Erosion controls to be established prior to any work and remain in place until construction is complete and area has stabilized.
 - Plantings proposed:
Pepperbush (*Clethra alnifolia*)
Arrowwood (*Viburnum dentatum*)
The plantings shall be 2-3 feet tall and spaced 5 feet on-center.
 - Disturbed lawn to be planted with a quick grow conservation grass mix as soon as practical after construction is complete. Other areas to be allowed to revert back to their natural state.
 - The applicant shall water the areas as needed throughout the first growing season to ensure survival.
 - Area of 50' perimeter wetland disturbance: 4,200 SF
All proposed areas of disturbance falls within existing disturbance.
