Dear Mr. Page:

The Rhode Island Department of Environmental Management Office of Water Resources (RIDEM OWR) has reviewed the above referenced application for a proposed pool and terrace for eligibility under a Freshwater Wetlands General Permit (FWW GP) as described in Section 3.10 of the Rules and Regulations Governing the Administration and Enforcement of the Freshwater Wetlands Act, 250-RICR-150-15-3 (FWW Rules). The project is further described in your application and detailed on site plans consisting of one (1) sheet and received by RIDEM OWR on February 15, 2023.

Based on our review, it has been determined that the above-referenced project is actually exempt from the need to obtain a permit under Section 3.6.5 of the FWW Rules. So long as the project proceeds as depicted on the site plans submitted with your application, no further authorization is needed from RIDEM OWR.

If you have any questions regarding the contents of this letter, you may contact Michael Arguello at Michael.arguello@dem.ri.gov or (401) 222-6820, extension 2777602.

Sincerely,

Charles A. Horbert, Deputy Administrator
Groundwater & Freshwater Wetlands Protection
